**Support Dereham Cancer Care while supporting your employees and their families.**

How can your business support **Dereham Cancer Care (DCC)** and help your employees?

Hopefully you will have seen evidence of our Purple Day this year when we celebrated 22 years since the founding of **DCC** or have seen our activity in the community or indeed are aware of us supporting people you know, or you know of.

But did you know that **DCC** can be of benefit to your business and to your employees.

One in two of us will be affected in some way by cancer within our lifetime. **DCC** is dedicated to supporting those affected directly with cancer and their family, friends and acquaintances.

Most importantly for your business we are here in Dereham. We are local.

Your business will benefit by having:

- ♥ Access to our support for both yourself, all your employees and their families.
- ♥ Information available for your employees on the work of **DCC**.

♥ Links for volunteer opportunities for your employees, whether you already have a protocol or are planning one.

Should your business decide to become actively involved with us, however limited that activity may be, the added benefits will be:

♥ Recognition on our website and on our **DCC** social media as one of our sponsors.

♥ A **DCC** sponsor logo on your premises.

♥ Ability to use that recognition logo within your own business publicity.

Should you decide to donate to **DCC** on a regular basis small or large, your donation will help provide continued support and you will be invited to our annual sponsors event.

We would welcome the opportunity to come and talk to you to discuss this further. If you are interested, please contact **DCC** on:

## **We offer the following services to cancer patients and their loved ones**

Our Centre is staffed by Volunteers who offer support, friendship and information to cancer patients, their families and carers – indeed anyone whose life is touched by cancer in the Dereham area.

Visit the Centre for a cuppa and a chat with one of our volunteer befrienders, some of whom have had cancer themselves and may have experienced what you are going through. Others have lost a loved one to cancer and are now here to support you. We are here to help with your cancer journey.

Our quiet room is ideal for one to one discussions. The community room is used for coffee mornings and workshops. The games room has a pool table and there is always a jigsaw on the go!
